I wish and pray for the best for up-coming races. My career in running will continue to a great future.

*My name is **Ramadimetja Lizzy Babili**. I am **32** years of age, born in **Zebediela Limpopo**, grew up in a small village called **Skimming**. I am a mother of two girls. I started athletics at the age of 13 at school however I was always the energetic kid around the family and at school. I am a woman of sports who took part in every sport event at school. My favourite sport was Volleyball and Netball. Running was always there however I loved cross country than track and field. My interest in long distance started off from 10000m at school as I was too slow for sprinting. My road running started 2016 Soweto Marathon 10km then introduced myself to 21km then I felt like the distance was too small for me, then did my first 42km. I have gained confidence more when I start to win Vaal Marathon in 2017 then my running started improving. I joined Team Massmart from November 2017 until July 2020*

*My current club is **IKHAYALETHU Athletics club**. Being part of this team is a dream come true and I am blessed. I get support and courage to be the best I can. Great future ahead is coming with the best. **MAY PEACE BE UNTO US***
